● **Comments:**

This is to verify that American Metal Products "Amerivent" Direct Vent Systems are listed by UL for use on all models of Empire Comfort Systems, Inc. Direct Vent Fireplaces. All models with the model number starting with the letters "DVD" for White Mountain Hearth Brand and "ADVD" for American Hearth Brand use the 4" x 6 5/8" system and models numbers starting with the letters "DVP" and "ADVP" use the 5" x 8" system.

All Installation Instruction Manuals packed with these fireplaces show "Amerivent" as one of the approved venting system.

Yours truly,

Jim Kovacs
Director of Engineering
