**SUBJECT: ACCEPTANCE OF THE AMERICAN METAL PRODUCTS DIRECT VENTING
SYSTEM INCLUDING TERMINALS ON MONESSEN, LEXINGTON FORGE, MAJESTIC AND
MARTIN AND VERMONT CASTINGS DIRECT VENTED GAS FIREPLACES AND FIREPLACE
HEATERS**

Dear Sir:

Please be advised that CSA International, have successfully completed testing on the American Metal Product Direct vent system using representative samples of Monessen and Vermont Casting fireplace heaters.

Based on this testing we can at this time authorize the use of the American Metal Product Direct vent system and terminals on the Monessen, Lexington Forge, Majestic, Martin and Vermont Castings direct vent fireplaces and fireplace heaters.

Please feel free to update your manuals referencing the new system at your leisure.

We trust the above is acceptable, we remain,

Yours very truly

Vance Bovair
Senior Engineering Technologist
CSA International
