Re : Approval to supply venting products for Valor Branded Gas Fireplaces.

We have concluded testing and received certification from CSA to use **AmeriVent** co-axial (4" x 6-5/8"), direct vent systems and co-linear adapters, manufactured by American Metal Products on the following Valor Direct Vent fireplace models:

- **Portrait 530**
- **Horizon 534**
- **Horizon 535**
- **Legend G3 model 739**

We are in the process of updating our Instruction Manuals and informing our Dealers, Agents, and Sales Representatives of this addition and anticipate this relationship will be beneficial to all.

Sincerely,

Byron Book
Manager, Product Development

Manufacturer and Distributor of
Valor Gas Fireplaces
