Attention: Mr. Todd Bush

Subject: Rigid Coaxial Venting manufactured by Hart and Cooley Amerivent  
Model: 5D, 4D Amerivent USA models: #####. Tested to Standards:  
ANSI Z21.88 / CSA 2.32, with selected Wolf Steel Ltd, Fireplaces marketed as Napoleon  
and Continental Fireplaces. The Fireplace model excluded from use with these venting  
types is the GD45 series and related series fireplaces.

Dear Sir,

This letter is written to inform you that the above mentioned Gas Fired Appliance  
has met test criteria for the applicable safety standard, to be installed and connected to  
Amerivent rigid coaxial venting. In order to complete the certification  
process the following is required.

1. Copy of the revised pages to the appropriate instruction / installation manuals  
of the Vented Gas Fireplace Heaters
2. The venting model numbers for the rigid coaxial pipe and terminal.
3. The venting model numbers for the Amerivent coaxial pipe and terminal
4. The component list for the vent sections for both Amerivent  
product.

The Amerivent 4/7 coaxial rigid direct vent are suitable to be connected to  
the following Wolf Steel Ltd., fireplace models marketed at Napoleon as well as  
Continental.

Model: GD 33, GD36, GD38, GD60, GD 28, GD50, GD70. This model series has suffix  
and prefix of BGD, BGDV, NV, NRT, N, P, etc.

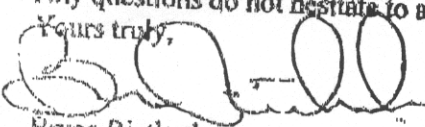

The Amerivent 5/8 coaxial rigid direct vent, vent pipe is suitable to be connected to the  
following Wolf Steel Ltd., fireplace models marketed as Napoleon as well as Continental.  
Model: GD40, GD42, GD48, GD80.

The model fireplace: GD45 is not inclusive for use with the Amerivent  
venting.

Subject: **Authorization to incorporate AmeriVent** **alternate direct vent**  
**systems with Model GE-38 Series Direct Vent Gas Fireplace.**

Dear Todd:

As per your request regarding the subject matter, we have conducted the necessary tests on the subject unit and have reviewed the drawings, markings and instructions that you supplied. We have commenced updating of the Certification Report, but due to a very heavy work schedule, will likely not complete until December, 2004. Since Wolf Steel is anxious to commence production of the model indicated with the subject vent systems, this letter will serve, in the interim, as your authorization to commence production bearing the CSA Blue Star and Blue Flame logos.

We trust the above is satisfactory; feel free to contact the undersigned should you have any questions.

Yours very truly,

E. Cotic

Subject: Venting Approved for Use with Models GD34, CDV34, BGD34 &  
BCDV34 Series of Gas Fireplaces

This letter is confirmation that the testing as outlined in the above project has been satisfactorily completed. The following vent systems may be used as an alternative to those already covered in the above procedural guide.

Manufacturer - Hart & Cooley, Model AmeriVent

The procedure is now with our administration staff. Updates for your copy will be soon arriving via mail.

Should you have any questions with respect to the foregoing, please do not hesitate to contact the undersigned.
